

Topic Information Sheet

Introduction: Coming up with a topic for an individual inquiry investigation can be difficult. A project of this sort should be something that you are interested in because you will be spending many hours of time completing it. The project should be something that you have materials and other resources available easily obtainable. The following questions may help you get a topic idea.

1. Is there something that you have thought about and want to know more information on?
2. What hobbies do you have?
3. Do you participate in any extracurricular or league activities?
4. Do you have access to resources that other students do not (living on or by water, access to a business, grandmothers garden, a collection)?
5. Do your parents, relatives or neighbors have a job or hobby that might be used in an investigation?
6. What 1 or 2 things from your answers above do you think would be a good topic for your project?
7. Will your parents give you permission to do the topic you choose as a project? Have them sign below.
