

Uploading a video to YouTube

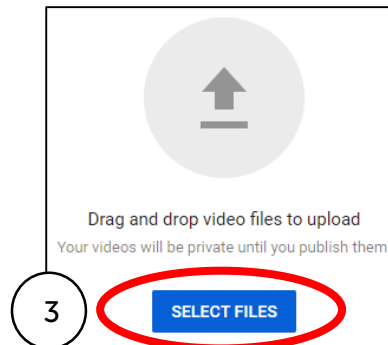

To upload and share your video as a YouTube link, visit www.youtube.com

1. Click the "Create" button at the top right.
2. Then, click "Upload video."

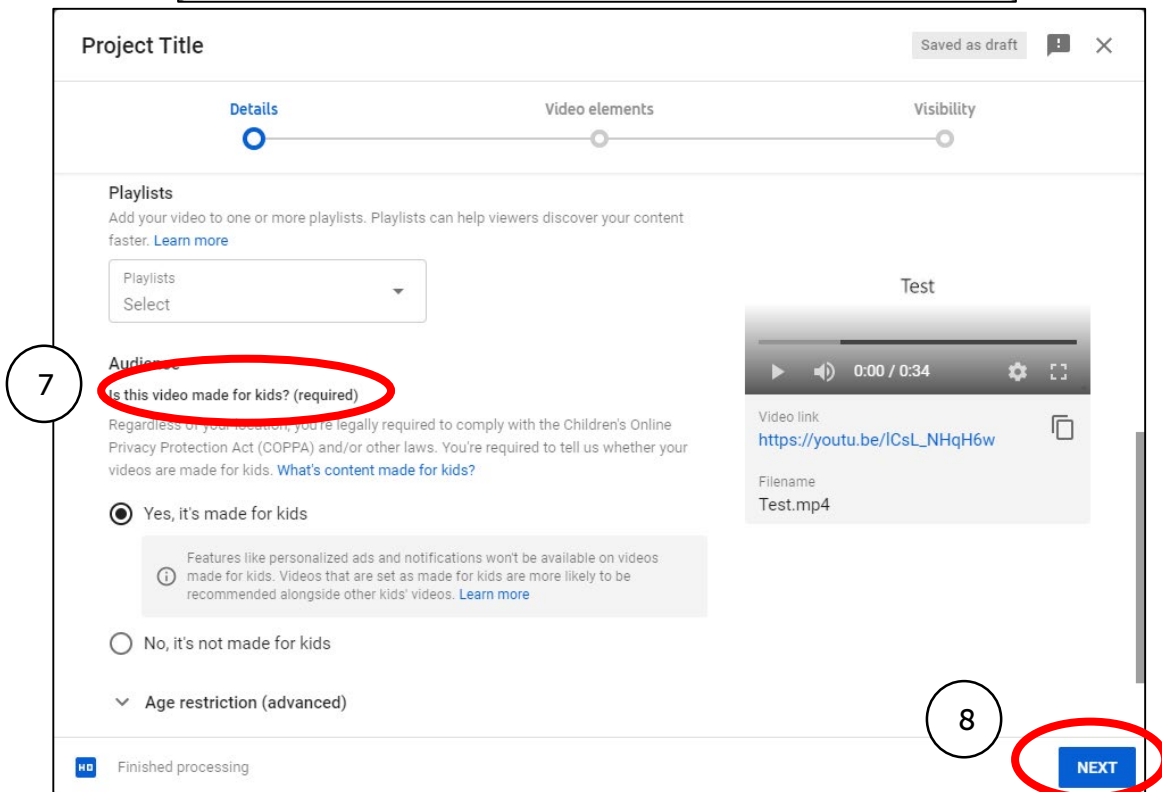

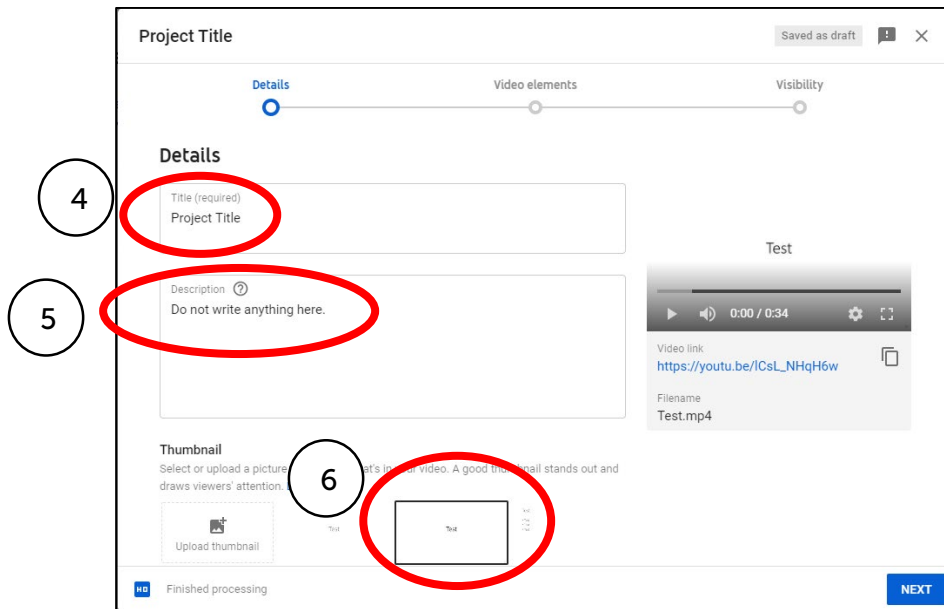

Note that you may need to create an account to upload your video.

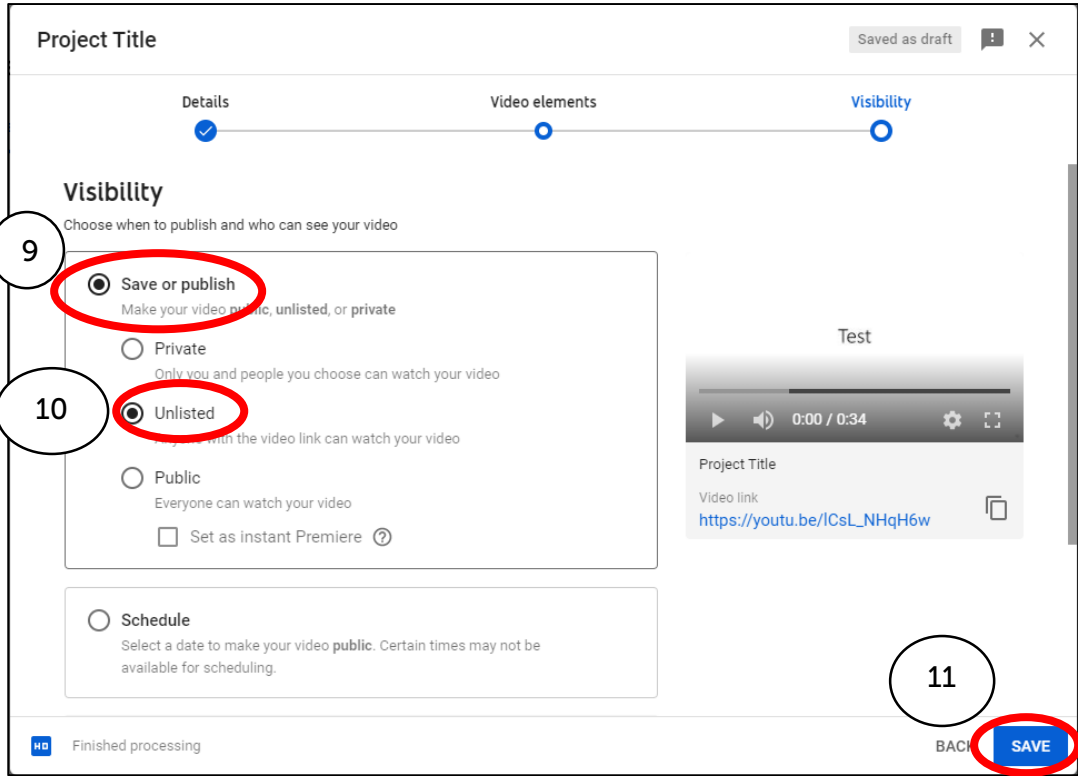

3. Select the correct video file from your computer.

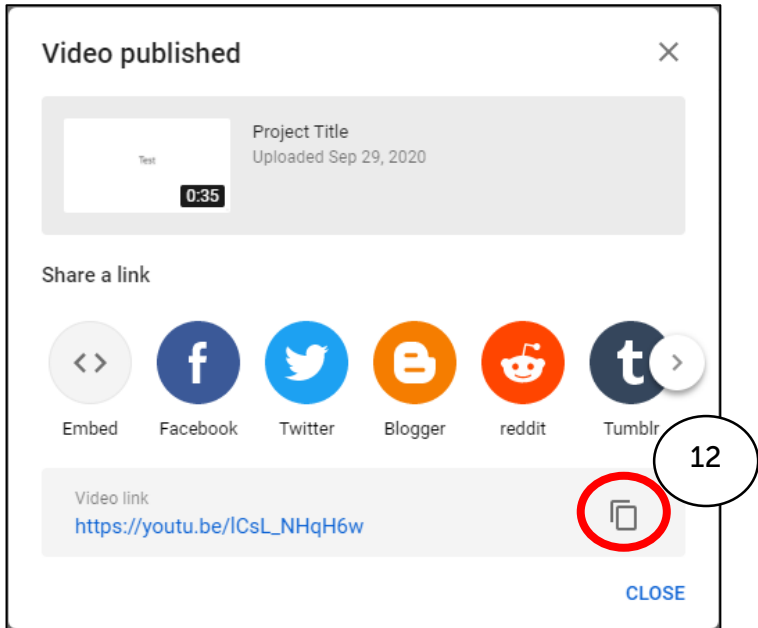

4. Use your project title as the title of the video.
5. Do not write anything in the “Description” box.
6. You may give your video an appropriate thumbnail.
7. “Yes, it’s made for kids.”
8. Then, click “Next.”

9. Under “Save or publish,”
10. select “Unlisted.”
11. Then, click “Save.”

12. Once your video is published, copy the video link to submit.

Before you submit, make sure your video link is functional. Double check your audio and transitions, and ensure that your text is legible and clear.
